PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, SEPTEMBER 24, 1918

VOLUME XXXVII

BIG DRAFT CALL ISSUED FOR OCTOBER 7-12.

The largest single call ever made by Maj. Henry Rhodes, Chief of the Selective Draft Service Department, came Saturday when he called on the various Draft Boards for 7,483 white men to be sent to Camp Sevier, near Greenville, S. C., October 7 to 12. Of this number Bourbon county will be called on to furnish thirty-eight. The quotas for the Central Kentucky counties are as follows:

Bourbon, 38; Clark, 56; Fayette, 30; Franklin, 14; Harrison, 62; Jessamine, 32; Madison, 113; Mason, 54; Montgomery, 44; Nicholas, 38; Pendleton, 23; Scott, 36; Woodford, 52.

In a bulletin to the local Draft Boards announcing this call Major Rhodes said:

"In filling this call which is announced herein the local boards of the State of Kentucky are placed in a position where the result of the successful entrainment of this large increment of men will determine every weak point in the machinery of the Selective Service organization in the State. You are to-day swamped with work on account of the late registration, which was carried out very successfully, and with the mailing out of the Questionnaires to those men who registered and who were between the ages of 19 and 37. My local boards have never yet failed on any task, no matter how great it may have been, and I look to you with confidence that, although you have more work than ever before, this large call, which is the largest single call ever announced by this office will be filled without a deficiency on the part of any local board."

BELGIAN RELIEF CAMPAIGN

The official week of the campaign for Belgian Relief began yesterday, and will continue throughout the week and including the last day of the month. The committee of women who a little while ago were engaged in accumulating second-hand clothing for the Belgian sufferers, and who had headquarters where the contributions could be left, will again be actively at work, the place to be announced later. Committees will be formed to handle all the details of the campaign so as to make the work as thorough and as systematic as possible. In addition to depending upon volunteer contributions it will be found advantageous to arrange for "flying squadrons" trucks or teams to collect clothing from the homes giving them.

It is unnecessary to say that clothing is sadly needed in the country so sorely stricken, but it is well to suggest to those who have clothing to contribute to the cause, that it be of the proper kind to send. No flimsy, cast-aside finery, ball gowns and such are not wanted. These would be sold out of place and of no possible use. Gay colors should also be avoided. Most of us have some dark-colored garments of substantial material, and of suitable design, which would be most acceptable, both in male and female attire. Shoes of all sizes and descriptions, with the exception of high-heeled slippers or rubber foot wear, are wanted. Let's all look over our castaway garments and we can surely find something to send.

FROSTY DAYS APPEAR; BUT OLD SOL ON JOB.

Clear skies and a temperature ranging from 34 to 40 degrees Saturday and Sunday brought to Paris people a suggestion of the cold days to come. The first frost of the season made its appearance Saturday night, being of the kind known to old-timers as "a white frost." Very little damage was done to growing vegetation except to such tender growths as tomatoes, beans and sweet potatoes. Overcoats and blankets laid away since early spring were brought out and put into service. Sunday was as nearly a perfect day as September could bring. There was just enough tang to the air to make it like a tonic, and with the bright sunshine over all, life seemed really worth while. Many who had heretofore spent the afternoon in joggling, hiked to the "green fields far away" and realized the value of walking as a healthful exercise. Yesterday was a repetition of Sunday, except that it was a little warmer.

The weather bureau's predictions for to-day are for fair and warmer, through the Ohio Valley and Tennessee.

JUNIOR ORDER MEETING

A full attendance of the membership of Bourbon Council J. O. U. A. M., is requested to be present at the meeting to be held to-night. A committee from the North Middletown Council will be present to discuss the question of consolidation of the two Councils.

A COPY OF THE COMMITTEE'S Letter to the Public Utilities Commission of the Various States.

"Washington, D. C., August 23, 1918.

"Gentlemen:—

"You are, of course, familiar with the creation by Congress of the Capital Issues Committee for the purpose of giving effect to the Government's policy of 'War Business First' by supervising the issuance of new securities for capital expenditures. It is plain that all of us must avoid every unnecessary use of capital, involving also the use of labor and materials, in order not to interfere with the financial and industrial requirements of the Government in its paramount task of making war.

"If the men, money and material which the government needs are to be made available for essential war purposes, there must necessarily be a considerable degree of sacrifice on the part of individuals, communities and corporations in adjusting themselves to the substitutions and changed standards which the situation compels. Existing facilities must be made to serve in place of new ones, regardless of temporary inconvenience and discomfort, unless the public health or paramount local economic necessity is involved.

"May we suggest to you that these considerations apply with marked force to the public utility situation. The extensions and betterments which public utility corporations are accustomed to make in normal times, either on the initiative of their own enterprise or by direction of the regulating commissions under which they operate, should, in our opinion, be postponed until after the war, unless an immediate war purpose is served, and may we ask of you consideration of the propriety of deferring even the performance of contractual obligations arising from franchise or other local requirements, when no military or local necessity is served by such expenditures.

"The Capital Issues Committee feels certain that your Commission will recognize the paramount need of the National Government when passing upon proposed additions and extensions by public utility companies, and asks that you co-operate in giving effect to the purposes of the Government by restricting every unnecessary use of capital, labor and materials for extensions, betterments, street paving, or other purposes, even waiving, if in your power, the legal requirements that obtain in times of peace, until the present emergency has passed.

"Yours very truly,

"C. S. HAMLIN, Chairman."

REAL ESTATE DEALS AND LAND SALES.

Dr. F. L. Lapsley, formerly of Paris, has sold the 232-acre farm on the State pike, five miles west of Shelbyville, which he purchased from John A. Rodman, to E. P. Ransdell, of Sanders, for \$55,000. Possession will be given March 1. The deal was made through the Allie Pearce Realty Company.

Through Harris & Speakes, of Paris, Mrs. Elizabeth Crump purchased of Mrs. Gertrude Henry, the latter's property, consisting of dwellings, blacksmith shop, etc., in Little Rock, for \$3,000. The property was disposed of at public auction held on the premises.

Auctioneer Geo. D. Speakes, of Harris & Speakes, returned Saturday from Winchester, where he officiated at the sale of two Clark county farms for the real estate firm of Scott & Adcock. One farm of 128 acres sold for \$165.25 an acre, and the other, containing fifty-nine acres, brought \$198 an acre.

The Paris Realty Co. sold Saturday for Mr. Jesse Kennedy a tract of ten acres of land, with improvements, located on the Clintonville pike, to Mr. Richard Stewart, of Paris. The price paid was not given out for publication.

Auctioneer George D. Speakes was in Carlisle, Saturday, where he conducted the sale of a residence belonging to Mr. Callear, of Pittsburg, Pa., to Mr. A. Kimbrough, for \$3,500. Mr. Speakes also sold a tract of land near Carlisle, containing fifty acres, belonging to J. D. Burns, to James Martin, for \$169 per acre.

SCHOOL OPENINGS.

The Kentucky Classical and Business College at North Middletown has begun the fall term with an attendance much larger than that of former years. The principal, Rev. R. H. Ellett, is assisted by Miss Mary Ellett, in the primary department, Miss Alma Rice, in the grammar department, and Miss Mason, of Illinois, in the music department, while Miss Florence Dick will have charge of the primary circle.

BOURBON STOCKMEN FIGURE IN STATE FAIR SALES.

The auction sales of fatted and beef cattle at the Kentucky State Fair drew a large crowd of bidders, and record prices were obtained for every class of cattle offered. The grand champion steer, owned by Mr. Harvey Chenault, of Bourbon county, was bought by Mr. W. H. Webb, of the Louisville Provision Co., for the record price of \$1.50 per pound, netting the neat sum of \$2,400 for the steer, which weighed 1,600 pounds.

A carload of Shorthorn steers offered by H. S. Caywood, of Paris, was bought by B. S. Mattingly, of the firm of Goodrich Company, for a Nashville, Tenn., feeder at the handsome price of \$20.75 a hundred pounds. This lot averaged 1,163 pounds each.

A lot of black polled Angus cattle offered by Mr. James M. Caldwell, of Bourbon county, was bought by Mr. W. A. Thomason, representing the Philadelphia Consolidated Dressed Beef Co. at \$20.50 per hundred pounds. There were fifteen head of cattle in the lot, their average weight being 1,432 pounds.

A carload of black feeding cattle offered by Caywood & Duvall, of Paris, went to B. F. Trotter, representing a Cincinnati company, for \$15 per hundred pounds. This lot contained twenty cattle, whose weight averaged 1,077 pounds.

RACING SCENE SHIFTS TO LOUISVILLE TRACK.

Yesterday the scene of thoroughbred racing in Kentucky shifted from Lexington to the home of Douglas Park Jockey Club, in Louisville. Throughout the whole of this week, the thoroughbred will hold forth at Douglas Park, and then they will move on to Churchill Downs for another week, after which the scene of racing will again shift to Latonia, where the season will close Saturday, November 2.

Preparations are complete for the opening of the Douglas Park meeting. Except for the notable increase in the purse values, the meeting will closely follow in all essential details the arrangements of previous seasons. There will be the usual seven races daily and in order that the program may be completed each afternoon in ample time to permit patrons of the sport to return to their homes before dark, the management has announced 2:15 as the starting time for the opening race each afternoon.

KENTUCKY DISTILLERIES TO BE SOLD AT AUCTION

The Kentucky Distilleries & Warehouse Company and Julius Kessler & Company will sell at auction on October 1 all property, except whisky in storage and the main plant at the head of Mellwood avenue, Louisville, where alcohol is being manufactured, held by the two concerns in Kentucky. The property to be sold embraces twenty distilleries and many whisky brands which are known throughout the world.

Included in the Kessler offering are four distilleries and a number of world-famous brands including Bourbon Club, Sam Clay, Lewis Hunter and Marion County. The distillery property offered by this company are the Atherton plant, at Atherton, Ky.; the Paris distillery, at Paris; the Hunter distillery, at Lair, Harrison county, Kentucky, and the Marion county distillery, at Thirty-first and Rudd streets, Louisville.

Distilleries included in the list are the Mayfield and Windsor plants, at Athertonville; the Miles and Belle of Nelson plants at New Hope; the Bluegrass and Boone Knoll plants at Camp Nelson, Jessamine county; Bond & Lillard, Lawrenceburg; Boone county plant at Petersburg; the Darling plant at Prestonville; the Hanning distillery at Owensboro; the Hume distillery at Silver Creek; Madison county; the Keller distillery at Keller's Switch, Harrison county; the Lancaster distillery at Bardstons; the Ripley distillery in Anderson county; the Spring Hill plant in Franklin county; the Wathen plant at Twenty-sixth and Broadway, Louisville; the Mattingly plant on Western parkway, the Crystal Springs property on Brook street, between Ormsby and Magnolia avenues.

NOTICE TO THE PUBLIC.

The impression has gotten out through the publication of an advertisement by the Paris Realty Co., offering a transfer business for sale that I intend retiring from business. This is misleading, as it was not my business referred to. I will remain in the transfer business, which has grown to such proportions that it keeps me busy day and night. I wish in this way to offset the wrongful impression that I was going out of business.

W. P. FISHER, (24-25) The Fisher Transfer Co.

IN THE SERVICE OF THEIR COUNTRY.

James I. Farrow, who went to Camp Zachary Taylor some time ago with one of the draft contingents from this county, has returned home, having been discharged as physically unfit.

+++

Lieut. Webb Bratton, formerly of Paris, now stationed with the Third Infantry U. S. A. at Camp Gordon, Georgia, is a guest of his mother, Mrs. John L. Bosley, near North Middletown.

+++

Mr. J. E. Wells, of near Paris, was a guest from Sunday to yesterday of his son, Private James H. Wells, at Camp Zachary Taylor, where he is a member of the Bourbon county draft contingent.

+++

Miss Edith Hanna, who is a member of the Dr. Barrow Base Hospital Unit No. 40, has written to her sister Mrs. Elbridge Snapp, of Paris, that she is now in a convalescent hospital, and that she is very comfortably situated.

+++

Private Hobert Case, formerly a fireman on this division of the Louisville & Nashville, a son of Mr. and Mrs. Alonzo Case, of Paris, writes to friends here telling of his arrival overseas, but not giving his location. He is in the railway signal branch of the service.

+++

William H. Freeman and brother, Shelby Freeman, who are stationed at Camp Zachary Taylor, were guests from Sunday to Monday morning of their aunt, Mrs. Rebecca Rudisill, on South High street. Mrs. Rudisill has seven nephews in the service, all of whom volunteered.

+++

THE NEWS is requested to state for the benefit of the general public that nothing can be sent by parcel post to soldiers in foreign countries except on their written request signed by a superior officer. The written request must be placed in the package in the presence of the postmaster.

+++

A flag containing thirteen stars, each representing a draftee from the vicinity, was unfurled at the Palmer School house, near Paris, at three o'clock Sunday afternoon. Lawrence D. Mitchell and John Willie Jones, of North Middletown, presided at the meeting, and delivered appropriate addresses.

+++

Evan Mann, a Bourbon county soldier, mentioned in Government reports some days ago as missing in France, wrote to his father, Mr. Morton Mann, of Shawhan, under date of August 10, stating that he was well, and still chasing the Huns in right good fashion.

+++

Sergeant Rollin O. Moore, the Lexington Marine Corps recruiting officer, has received orders to resume enlistments in the "Devil Dogs" branch October 1. All branches of the service will be open to volunteers and any man between the ages of 18 and 45 years can secure release from his draft board and sign with the Marines.

+++

Mrs. Edward Turner, of near Paris, is in receipt of a letter from her son, Mr. Harmon Turner, in which he stated that he was at that time writing from the Philadelphia Navy Yard, and that he would probably soon be on his way overseas. He said that most of the company he had been sent with had already gone over.

+++

Mr. Landrum Payne, who has been at home on a furlough visit to his parents, Postmaster and Mrs. J. Walter Payne, returned Saturday to Rochester, New York. This was his first visit home since he enlisted in the service eighteen months ago. He is a member of the U. S. Aviation Corps, in the aerial photography division.

+++

Mr. and Mrs. B. F. Sledd, of near North Middletown, have received a letter from their son, Mr. Herbert Sledd, who is a member of the Barrow Base Hospital Unit No. 40, stationed in England. He states that all the members are in excellent health, and that they are enjoying themselves. The climate at the time his letter was written was fine, with the air bracing and the sunshine warm and cheery.

+++

Relatives in Georgetown have been notified that Lieut. Jarvis Offutt had been killed in action in France. Lieut. Offutt was a son of the late Hon. Chas. Offutt, a prominent member of the Bourbon county bar, and at one time Speaker of the Kentucky House of Representatives, and was a grandson of the late Mr. Lem Offutt, of Paris. He was a special ferry pilot of the Royal Air Forces, and crossed the English Channel daily to deliver planes from the factory in England to the battle front in France.

+++

Officers' Training Camps are again open to civilians as before August 8, according to a telegram from the War Department received by Captain N. H. Royden, of Lexington, examining officer for the State of Kentucky. On the date mentioned applications of civilians to officers' training camps were forbidden, as it was thought the Student Officers' Training Camps would provide all officers needed within the near future. All

EDITORIAL MUSINGS.

Ancient and Modern Languages

Will the so-called dead languages drop out of our high schools and colleges? Certainly the records of work on which the diplomas are being awarded, give a little less space every year to these subjects. Latin still has a large place, but Greek has almost dropped out of sight.

As a practical business proposition it does not seem much use for the ordinary boy to study Greek to-day. French and Spanish help him to keep closer in touch with the current of modern life. A business man finds no Greek in his newspaper; he is never called on to write a letter in either that language or Latin.

At the same time, when a student drops the classics, here are certain losses that are not made good. If he studies the old languages, particularly Greek, he follows the thought of certain great philosophers which must enlarge his conception of life. The classic world emphasized ideas that are badly needed to-day. The old philosophers dwelt upon the obligation of the citizen to the State, obedience to law, the necessity of a temperate, well-rounded balance of all the elements necessary to successful life. It was a healthy minded philosophy. The student's thought is filled with noble images of heroism, self-sacrifice and civic spirit.

The student of modern languages spends his time very largely on trivial plays, novels and conversation exercises, whose philosophy is not elevating or ennobling. He is closer to the current of daily life, but has received no inspiration of spirit.

If it is, of course, useless to turn back the educational tide. The business man must study the aspects of life that bring him the closest to the modern world. But American life needs men of thought as well as of action. Those who aspire to be writers, preachers, teachers, can not afford to neglect the noble ideals of the wonderful old classics.

A Hint to Advertisers.

One of the greatest faults in advertising is the attempt to crowd too much into a given space. The eye wearies of fine type. Life is busy, and a large bulk of closely set matter is repellant. People look it over, for they are keenly interested in advertising. But they will not read it as carefully as they would a notice in larger type. Too many details confuse the attention.

A great many firms in advertising a mark-down sale will specify a large number of items in every department of the store, itemizing each grade of goods, and showing how much the cut is in each item. That takes a lot of space. Usually it becomes necessary to put it in small type. It would seem better to name specifically only a few of the items. A line or two of space should be used in giving a little terse information about the goods, putting the whole thing in larger type that is more attractive and restful to the eye.

This is no plea to the merchant to increase the amount of newspaper space that he is using. It is a plea, after a merchant has decided what space he can afford, to handle it in such a way as to attract and please the reader's eye.

The caption placed over an advertisement is exceedingly important. Some merchants head it simply with

the name of their firm in big black type. That stirs no particular interest. The reader is not interested in the success of a particular store. He wants to know how he can benefit himself. If he is in a hurry he may only read the headlines of an advertisement. Unless the headline suggests to him that it will be of interest to read further, he might skip the whole thing.

A more effective method is to give an advertisement a heading just as if it was a new story—as every advertisement should be. The advertiser should pick out the big central feature of his message and put that in black type. The name of the store can be put in large type at the bottom or otherwise featured.

Music a War-Time Need.

In a recent editorial Governor Whitman, of New York, said: "Music is almost as essential to the soldier as well-cooked food, for while the army travels on its stomach, it fights on its spirits." Our soldiers now fighting in the shell-torn fields on the western front turn instinctively to music for refreshment, for strength. We can not drill recruits if we have no music. Certainly they can not march for miles over heavy roads without music.

And it's just the same at home. Music is God's gift to the weary. It is educational, inspiring. It sends red blood tingling through our veins and fits us for the seton battles of anxiety that are to be fought at home.

Home ties are drawing closer. We do not know when they will be broken, and so there is an increasing tenderness, a new devotion, one to another. We need music to cheer, to hold the fragrance of home through days of anxious waiting. Music, therefore, is not a non-essential. It is an absolute necessity. Mother needs it for comfort and consolation. Father needs it for inspiration and relaxation. The children need it for their musical education.

OVER THE TOP WITH THE 1919 WHEAT CROP.

"Now is the time to go over the top with next year's wheat crop," says a well-known wheat grower of this county. He says, "The yield of wheat at threshing time is largely determined before a seed sprouts. The land should be well plowed early, kept cultivated to conserve moisture and then the very best seed available planted. No diseased seed should ever be planted until properly treated with hot water or formaldehyde to kill smut and other diseases. Wheat must also be well fed. Therefore, haul out all the barn manure that is available. Since manure is low in phosphate acid, the plant food needed by the wheat plant to produce the grain, it is wise to use 200 to 300 pounds of acid phosphate to the acre if it can be secured. When no manure is used then apply a fertilizer analyzing 2 per cent. nitrogen and 8 to 10 per cent. phosphoric acid." (20-1f)

PLANS COMFORTABLE PLACES FOR NURSES "OFF DUTY."

To give Army and Navy nurses a comfortable place in which to spend their hours "off duty," the American Red Cross will provide special Nurses' Recreation Houses at all large base hospitals to cost about \$350,000.

Contracts have been let for forty of these houses, several of which are already completed.

Each building, similar in architecture to the Convalescent Houses for soldiers, though smaller, provides a large and comfortable lounging room attractively furnished and a dining room, kitchen and laundry. The large room will be supplied with easy chairs and couches, tables, writing desks, piano or phonograph and special library. A complete equipment of dishes, linen, sewing machines and utensils will be installed in the service end of the house so that the nurses may prepare special dishes or serve meals for themselves and their friends or make or launder garments when necessary.

These houses were provided as soon as it was learned that the nurses had no attractive rest rooms and were obliged either to stay in their bed rooms or to sit in a narrow corridor-like space set aside for them.

In some of the camps, the Red Cross not only has provided these houses, but has secured cottages nearby in the mountains or at the sea shore, where nurses, especially in need of rest, can go for a recuperative week end. The nurses keep house for themselves.

At hospital inaccessible by trolley, the Camp Service people put Red Cross cars at the disposal of nurses who wish to get away for an hour or two from scenes of sickness. These plans are carried out with the approval of the military authorities who report that these recreational measures play an important part in keeping the nurses happy and efficient.

Oozing Fountain Pens.

An application of heavy oil to the joints of a fountain pen will effectively overcome the oozing out of ink at these places, says Popular Mechanics Magazine. The types of fountain pens, having points which disappear by turning a section of the barrel, sometimes leak because of wear. To remedy this, soak the pen in warm water and permit to dry, particularly inside. Then apply oil on the spindle that is revolved. Heavy cylinder oil is the best for the purpose. The lubricant should be worked through the bearing from end to end. The pen is then refilled and excess oil wiped off.

Flowers are more fragrant when the sun is not shining on them, it is contended by a French scientist.

PLAYING THE HUN GAME.

There are numerous ways of playing into the hands of the Kaiser and his minions of murder. Most of them are directly traceable to over confidence.

With too many of us the wish is father to the thought that this war is soon to be finished in German defeat. We read behind the lines as it were in the daily newspaper reports of successive allied advances and see the way soon open to the Rhine and next to Berlin.

But don't permit yourself to be deceived too readily. It's a long way to Potsdam Palace. And the closer the allies get the harder the fighting will be.

For the Germans, once pushed back upon their own soil, will fight to the death.

And they are yet far from being on their own soil.

It is now approximately 120 miles from Ypres to the German border. It is about 420 miles from St. Quentin to Berlin. There is many a milepost between. Many a mile that will be hard fought over. That will be bought at the cost of many lives.

Moreover, there is the Russian situation to be ironed out; a situation fraught with tremendous menace. German influence still seems dominant there. German intrigue precipitated the present chaos. German poison is still being administered to the foggy Russian mind. Germany will leave nothing undone to maintain her advantage.

And if Russian armed assistance may be mustered by Germany it only adds immensely to the bloody task ahead of us.

Then, too, there are the Balkans, where Germany is supreme. Serbia must be rescued. Roumania must be unshackled. Bulgaria seems threatening to revolt against German throttling, but that is only problematical. In the finish the Balkan situation must be cleared up also. And Europe has been unable to do this in half a century.

So, when the situation is fully and clearly analyzed, it isn't as promising as we have sometimes permitted ourselves to believe. It becomes more and more clear that we yet have a long road ahead of us to Victory Day.

We mustn't slack in our efforts, our assistance, our willingness to serve, through any misconception of the facts. We must continue to sacrifice.

We must buy Liberty Bonds as freely now as in the earlier drives. Uncle Sam needs our help more than ever.

KEEP BOYS AT STUDIES

(Chicago News)

Because employment is plentiful and wages are good many boys of high school age are strongly tempted to leave their studies and enter upon tasks that will provide them with spending money earned by their own efforts. Now that a new school year has begun, these boys and their relatives and friends should consider well the serious objections that exist to their abandonment of school training at an unnecessarily early age.

Fortunately special efforts are being put forth to induce youths to remain in school. A State Educational Committee has been appointed to deal with the matter and a canvass is being made to ascertain the intentions of the boys who are of school age. Teachers have been requested to consult with each of their last year's pupils and assist in furnishing them with wise guidance at this critical time in their lives.

No effort should be spared to encourage boys and young men to complete their educational training if conditions justify them in so doing. Francis G. Blair, State Superintendent of Public Instruction, says truly that the State and nation now need as never before men who can think straight as well as shoot straight, and that in the reconstruction period following the war trained minds will be in demand everywhere.

Encouraging boys to remain in school does not involve discouragement of their desire to engage in some profitable employment, but it tends to give intelligent direction to that desire. Thousands of Illinois boys have done important work during the vacation season on farms, in factories and elsewhere. Thus they have aided the nation materially. By reason of that service they are better fitted than they would have been otherwise to pursue their school work intelligently and diligently.

GERMAN MINISTERS ASK BLESSINGS ON PRESIDENT.

Speaking in German near 200 ministers and elders attending the thirty-seventh annual session of the Central Synod of the Reformed Church of the United States at Sandusky, O., asked Heaven to bless President Wilson and to "send a speedy victory to the Allies."

The session was in German out of consideration for a number of aged clergymen who know no other language.

FOR WEAK STOMACH.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

(sept-adv)

BACKING UP PROOF

The Kind That Paris People Cannot Deny

Many an earnest Paris man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month you've read their statements.

Would these Paris people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed?

Local proof is good evidence. Testimony confirmed years after is better evidence.

The following Paris man's statement leaves no room for doubt. It must convince every kidney sufferer who reads it.

If your back aches—if your kidneys are weak, profit by the experience of George McCandles, Second Street. He says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the trouble and they gave me complete relief." (Statement given January 17, 1912.)

NO TROUBLE SINCE.

Over four years later, or on November 9, 1916, Mr. McCandles said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandles had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

SAFEGUARDING UNCLE SAM'S MONEY.

A statement recently issued by the War Finance Corporation makes it clear that practically no loans or advances are being made by the Government to borrowers under the "exceptional cases" clause of the act which created the War Finance Corporation. The policy of the corporation is to furnish assistance to the war industries through local banks. The Government Corporation declares that the public utility companies should have the co-operation of the communities in which they operate, and emphasis is laid upon the fact that it is the duty of the communities to aid in the readjustment of these enterprises and institutions, in order that they may re-establish themselves in harmony with the changed conditions brought about by the war.

While it may not be a particularly happy reflection, still the fact remains that the five-cent car fare has "passed out" in many cities, and six and seven-cent car fares have been adopted in order to meet the cost of operation and maintenance of the trolley lines. The War Finance Corporation declares that: "Whatever the charges do no amount to adequate compensation for the service rendered, relief can be had only through the appropriate local authorities." The hope is expressed by the War Finance Corporation "that the local authorities will no doubt respond promptly, in case war relief is needed because of changed conditions, as it is clear that the soundness and efficiency of public utilities is intimately connected with the vigorous and successful prosecution of the war."

The substance of the statement authorized by the War Finance Corporation is all to the effect that the charges of lighting, transportation and power concerns must be regulated with reference to the necessary expenses of operation, and that increased charges must follow for the services of these concerns, just as it has occurred in the readjustment of prices for food stuffs, clothing and the essentials of life. The Government itself has raised the price of railroad transportation. A fair construction of the words of the War Finance Corporation indicates that cities and towns must meet the condition in their own communities in a manner of fairness to all interests.

The Crown Prince says it was all Hindenburg's fault. The Hohenzollerns aren't even good losers.

Wanted--Junk.

We pay the following prices for junk, which we guarantee the best prices to be obtained anywhere in the State. Send us your shipments: Rags, \$3.60 per hundred pounds. Mixed Iron, \$1.00 per hundred pounds.

Nice Main street flat in second story. Has all modern improvement. Call on or address, MRS. MARIA LYONS, (2-1f) 918 Main St., Paris, Ky.

IRON

We pay highest prices for iron junk, hides and wool. MUNICH & WIDES & CO., Eighth St., Paris, Ky., Cumb. Phone 374. (23-1f)

Public Renting OF Fine Bluegrass Farm on Court Day

The undersigned will rent at public outcry on Court Day

Monday, Oct. 7, 1918,

at 11 o'clock at the Court House door in Paris, Ky., the fine Bluegrass farm known as the Sue K. Moran place, which is located on the Peacock Pike, about 3 1/2 miles from Paris.

This is one of the best farms in Bourbon county, and contains 300 acres. On the place is a substantial house containing 6 rooms, a good tobacco barn that will house 15 acres of tobacco, plenty of tobacco sticks, all necessary outbuildings, never failing water.

Forty-five acres now in corn, 30 acres in wheat stubble and 15 acres in meadow, may all be used for corn—making 90 acres in all for corn.

Forty acres to go in wheat, 10 acres of virgin soil to go in tobacco, 160 acres in grass.

Prospective renters may inspect the place at any time.

For further information, address or call on MRS. SALLIE MORAN CLAY, M. F. KENNEY, Auctioneer. (13-1d)

PUBLIC SALE

— OF —

35 Head of Registered Shorthorn Cattle
Scotch and Scotch Tops

Thursday, Sept. 26, 1918, 1 P.M.

Cows with calves at foot, cows and heifers bred; a few bulls of serviceable age.

One calf to be given for the benefit of the Red Cross.

Sale to be held at the farm of Luther K. Rice, 5 miles from Paris, on the Clintonville pike.

GOFF & RICE,

(20-2t)

Paris, Kentucky.

A Teaspoonful of PERUNA
Three Times a Day

PERUNA THE GUIDE POST TO HEALTH

Has Never Been Down Sick Since Taking PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana.
"In 1900 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry.
"I have never been down sick since that time. I do not take any other medicines except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it."
Recommended for Catarrhal inflammation of every description.

EXPLAINS RULING ABOUT CIRCULATION GUARANTEE.

Chairman Baruch, of the War Industries Board, announced that Thos. E. Donnelly, chief of its pulp and paper section, has issued an explanatory statement addressed to advertising agencies regarding the board's regulation calling for discontinuance of the practice of selling advertisements in newspapers and periodicals with a guarantee of circulation.
"The purpose of the ruling," said Mr. Donnelly, "is to prevent the printing of copies of newspapers and periodicals which are not called for by the legitimate circulation, but are printed by the publishers and circulated by forced means in order to make good the guarantee and save such rebate. Such circulation is, of course, a waste of paper and during the war must be stopped.
"There is nothing in our regulations which prevents the publisher from making a sworn statement of past circulation, but hereafter publishers cannot guarantee future circulation."

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

Robert Burnett, son of Mr. and Mrs. E. F. Burnett, of Paris, who joined the Marines last month is now stationed at Paris Island, South Carolina. In writing to friends here he says: "This is some place believe me. We get up about 5:15 a. m., and after taking exercise we go to chow, or better known as breakfast. We then drill until 11:30 with a five-minute rest between each, making fifteen minutes rest for the morning. Next comes several inspections and then chow again. We drill twice in the afternoon or at night, go swimming every other afternoon and in all we have a great deal of hard work to do. But I am used to it now and am a dark tan color and as hard as a brick. I eat beans and sand most of the time, but every now and then a few pieces of candy which we buy at the canteen and which is not much good. A box of Holladay's would sure look good to me. They told us that we would not be here but five weeks and then we would go to Quantico, Virginia, and from there on across. When does school start? Sure would like to be here and go, that is, if this war was ended. I am in it to the end, an, believe me, if they don't get me I am going to get one for everyone I know in old Paris, and the rest besides. All you see here is sand, marines and ocean water. Must close as they are calling me to drill.
"Yours forever,
PRIVATE ROBT. BURNETT,
"358 Company, Marine Barracks,
Paris Island, South Carolina."

Rene Clark, of Paris, a recent addition to Uncle Sam's naval students at the Great Lakes Training Station, writes THE NEWS as follows:
"Great Lakes, Ill.,
"Sept. 13, 1918.
"I am still in training at Great Lakes, but expect to be shipped out soon. We are now stationed at our last camp before entering school for firemen at Norfolk, Va., or Seattle, Wash. I came on the station four weeks ago to-day and like it better every day.
"The first two of three weeks are discouraging to a 'rookie' because he expects to be right on Lake Michigan as soon as he hits the station. He is fortunate to even see the Lake during his first three weeks of detention. During his first twenty-one days he gets three shots of serum in the arm, and also a vaccination. That nearly breaks a fellow's heart, but they soon cheer up when they remember the slogan of the station, 'You'll like it.'"
"It is true all right. You'll like it because you have to. It isn't the doctor's fault that you like, because when he shoots that serum into that right arm you begin to wish you had never stepped off the farm.
"But twenty-eight days makes a difference. Your shots are over with and there is plenty to eat. Cold showers are mighty refreshing at 5 o'clock in the morning. I was transferred from Camp Decatur to Camp Dewey, and now I am at Camp Luce awaiting a draft to be sent to our firemen's school and then to sea.
"Our papers this morning reminds us that to-day is Gen. Pershing's birthday. To-morrow may bring in the news that he has celebrated by making a visit to Berlin. We can't tell what he will do.
"I have seen a few Paris huskies since I have been here. Among the prominent citizens of Paris that I have seen are Leo Keller, Jim Templin and Ray Link, an honorable resident of the Hutchinson district, and former P. H. S. student. They all are doing nicely in the way of wearing a gold stripe in the future.
"I haven't seen THE NEWS for a week on account of being transferred so much, but they will get here some time I hope.
"Well, I must say good-bye until next time, because my time is short. I have a date with the Crown Prince in Berlin for January 1, so must pack my grip and get ready to fulfill the same.
"Yours,
"RENE H. CLARK,
Camp Luce, Great Lakes, Ill."

Forests of Norway.
The total area of Norway is about 124,500 square miles, of which approximately 26,340 square miles are covered by forests. The greater timber tracts lie in the southern and central sections of the country, where the land is less mountainous and the climate more favorable to forest growth.

Fifty per cent. of the ministers of the Methodist Episcopal Church in Italy are in active service in the Italian army.
Platinum is so ductile that a wire 1,800 miles long could be drawn from a single Troy ounce of the metal.

OUR boys who have gone to the navy are constantly on the alert for the submarines which menace their army comrades on the long trips across the Atlantic.

One \$100 Liberty Bond and one \$50 Liberty Bond will equip an enlisted man in the navy for one year. Or the same two bonds will feed him for a year.

Cards From Boys Will Urge Buying of Bonds

Ten million sets of post cards—five in a set—have been sent to Europe by the War Loan Organization at Washington to be distributed among the boys of the American Expeditionary Forces.

By this time they probably have been put in the hands of the boys over there and some are probably on their way back to this country.

Each card bears a message from the boy to the home folks urging the home folks to invest in Liberty Bonds.

The cards bear photographs of tanks, guns, ammunition, etc.—things which the boys need and which the home folks' money will buy. The cards will be coming back soon in large numbers. Ohio and Kentucky and West Virginia and Pennsylvania will be receiving their share of them.

Brother, Buy Another!

Brother, buy another bond!
It will help to pave the way
For the boys who've gone beyond
The Atlantic to the fray.
Do not falter. Do not say
You have done enough, my brother,
Buy another bond today—
And another—AND ANOTHER!

What a blessed chance is yours
Thus to do your humble part
For the Freedom that endures
Deep in every Yankee's heart!
Give this Loan a rousing start
With your glad subscription, brother.
Every dollar is a Dart!
Buy a bond—AND BUY ANOTHER!
—William F. Kirk.

WHERE LIBERTY BOND FUNDS GO

ONE FIVE HUNDRED DOLLAR BOND WILL BUY:
Steel helmets for a company of infantry, or
Five hundred overseas caps, or
Pay the cost of drafting one hundred men.

"Let your dollars be the ships that will bring the boys home again—buy Liberty Bonds!"

Smother the Kaiser in Liberty Bonds.

The Fault is Yours.
Never complain that your confidence has been betrayed. The fault is yours for pouring unsafe talk into a leaky mind. You do not blame a leaky pail for leaking. Blame yourself for not knowing it leaked.—Life.

Carbons in Arc Lamps.
A group of European electricians decided, after experimenting, that better results were obtainable by placing the carbons in arc lamps horizontally and one slightly above the other.

Under Many Influences.
Our judgments are so liable to be influenced by many considerations, which almost without our knowing it, are unfair, that it is necessary to keep a guard upon them.—Charles Dickens.

A Siam.
Mrs. Noel—"My husband has had dyspepsia dreadfully lately." Mrs. Noel—"I am so sorry, but I had no idea you were without a cook."

The Crown Prince says that the Americans are a lot of souvenir hunters. Yes, and he is the ultimate souvenir.

SOCIAL AND PERSONAL

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Mary Welsh has returned from a visit to relatives in Lexington.
—Mr. N. Ford Brent has returned from a two-weeks' stay at Atlantic City.

—Mr. and Mrs. Ed. T. Rule were guests recently of relatives in Nicholas county.

—Mr. and Mrs. D. F. Bowen have returned to their home in Carlisle after a visit to Paris relatives.

—Mr. and Mrs. W. V. Shaw have returned from a visit to Mr. and Mrs. Henry B. Hall, in Winchester.

—Mrs. B. F. Laughlin has returned from a visit to her brothers, R. D. and J. W. Joutt, in Oakley, Ohio.

—Mrs. Jessie Williams has returned to her home in Cynthiana after a visit to friends and relatives in this city.

—Miss Bessie Caldwell has returned to her home near Paris after a vacation stay at Carlsbad Springs, in Grant county.

—Mrs. Mina Howell, who is well-known here, where she was engaged in millinery work, is very ill in Lexington with pneumonia.

—Mr. and Mrs. I. S. Reynolds have arrived from Allensburg, Alabama, to visit their son, Mr. I. S. Reynolds, Jr., who is ill at Winchester.

—Dr. and Mrs. Elbridge Snapp, of this city, were recent guests of Mrs. Snapp's parents, Mr. and Mrs. Wm. Hannah, in Harrison county.

—Mr. and Mrs. J. F. Laue, of Las Vegas, Nevada, are guests of Mr. and Mrs. Barney J. Brannon. Mrs. Laue is a sister of Mrs. Brannon.

—Miss Sara Curle has returned to her home in Cynthiana, after a visit to her aunt, Mrs. J. O. Marshall, and Mr. Marshall, at their home on Second street.

—Miss Charlotte Blyades has returned to her home in Bagdad, in Shelby county, after a visit to her sister, Mrs. Harry Stamler, on South Main street.

—Mr. J. S. Ginn, who has been employed on the big range of Mr. J. Sims Wilson, of Paris, near Pensacola, Okla., has returned to spend the winter here.

—Mr. and Mrs. Isaac Reynolds, of Allensville, Ala., are guests of relatives in Clark and Bourbon county. They formerly resided near North Middletown.

—Mrs. C. B. McShane and son, Mr. C. B. McShane, Jr., formerly of this city, are visiting relatives and friends here. They are now residents of Covington.

—Messrs. John Merringer and Ewell Renaker, of Paris, are comfortably settled at the Hotel Morquette, in Hot Springs, Ark., for a stay of several weeks.

—Mrs. Louis Taylor and Mrs. Wm. Taylor have gone to Saranac Lake, New York, to visit the latter's son, Mr. Duncan Taylor, who has been there for several months.

—Mr. Mollie Ravenscraft, who has been sojourning in the Adirondacks Mountains, in New York, for several months, is expected home soon, greatly improved in health.

The following cards of invitation have been issued: "Mrs. Cates by Woodford, Thursday, the twenty-sixth of September, from three until five o'clock. Raceland, Paris, Kentucky."

—Mr. Henry S. Caywood, of the firm of Caywood & McClintock, has returned from a business trip to Chicago. Mr. Caywood is one of the Eastern representatives of the big Swift & Co. packing interests in the purchase of live stock.

—Misses Mildred and Marie Collins, of North Middletown, have entered as students at the University of Kentucky, at Lexington. Misses Callie Gay, of the same place, goes to Hamilton College, and Miss Sudie Montgomery has matriculated at the State Normal School at Richmond. (Other Personals on Page 5.)

All Make Mistakes.
The best of men and the most earnest workers will make enough of mistakes to keep them humble. Thank God for mistakes and take courage. Don't give up on account of mistakes.—Moody.

Influence and Example.
The blossom cannot tell what becomes of its odor, and no man can tell what becomes of his influence and example, that roll away from him and go beyond his ken in their perilous mission.—Beecher.

By means of a new "trouble track," designed for the use of automobile repair establishments, one man may load on a damaged car and convey it to the repair shop.

A company is being formed in Sweden for the production of oil and by-products from native shale.

Our New and Enlarged

SECOND-FLOOR DEPARTMENT

FEATURING NEW FALL APPAREL FOR

Women and Misses,
Juniors, Children and Infants

This department has been undergoing reconstruction for the last six weeks. But now it is completed. The fixture builders have added the finishing touches to it and it is at last ready for business.

The changes that have been made in it allow us a large amount of floor space, much more, in fact, than we had at our disposal before these changes were consummated. So we are able to display much larger lines of New Fall Apparel and present you with more varied assortments for choice.

We would like to have you see this new and enlarged department, and have you tell us what you think of it; and we here extend a cordial invitation to you to pay it a visit at your leisure.

No attempt will be made to induce you to purchase. But if, however, you see fit to do so of your own accord you will find the prices the apparel you like is quoting will make the immediate purchasing of it well worth your while.

Our Doors Will Be Open at Nine.

WOLF, WILE & CO.

DONATIONS FOR THE BELGIAN RELIEF WORK.

During the week of September 23-30 a campaign will be made in Bourbon for donations of garments for the ten million needy imprisoned people in occupied Belgium and France.

The letters below explain the situation, and a list is printed of the character of articles solicited. Your prompt action means quicker relief for the suffering ones.

Leave your donations at the Paris Book and Stationery Company's store in Paris, where they will be promptly taken in charge and forwarded. Any information desired can be secured by applying to Mrs. A. B. Hancock.

Worn garments and garments in need of repair are acceptable.

Read the following self-explanatory letters:

Cablegram From Herbert Hoover To Henry P. Davison.

Henry P. Davison, Chairman Red Cross War Council, Washington, D. C.

The ten million imprisoned people in occupied Belgium and France are facing shame, suffering, disease and some of them death for lack of clothing this winter. They must be helped. I hope that the Red Cross will undertake a renewed campaign to obtain this clothing in America. It can come only from us. Your first campaign yielded magnificent results, bringing fully 5,000 tons of clothing in good condition. But much more is needed if these war-ravaged people are to get through the winter in decency and safety. In the face of brutal coercion and spiritual suffering they remain splendidly courageous. This courage challenges our charity. Let us match the courage of Belgium by the generosity of America.

Letter From Mr. Davison.

My dear Mr. Hoover:

Your cablegram regarding the collection of used and surplus clothing for 10,000,000 imprisoned people in occupied Belgium and France is a call to the Red Cross to assist again in the relief of this stricken population. We have set aside the week of September 23-30 for a special campaign for this purpose. As the need is greater than ever, it is certain that the people of the country will respond even more generously than before. Your appeals have been sent to our chapters through our divisional organization, and our workers, we feel sure, will be glad to know that they can again be of service in this way.

Cordially yours,
Sgd. H. P. DAVISON,
Chairman Red Cross War Council.
Mr. Herbert Hoover,
The Commission for Relief in Belgium,
Washington, D. C.

Garments Needed:
Girl's Wear

dressess
skirts
overcoats

nightdresses
drawers
stockings (sizes 1-6)
undergarments
petticoats
suits (2 piece)
blouses
shoes

Boy's and Girl's Wear
hooded caps
pinafors
woolen union suits

Infant's Wear
swan-skin swaddling clothes
bodice chemises

cradle dresses
sweaters
bonnets

bibs
nickerchiefs
diapers
shoes

baby dresses
hooded cloaks
jackets
shawls

socks

Miscellaneous

bed-ticks
bed-sheets
pillow cases
blankets

mufflers

Woolen goods of any kind whatsoever are acceptable; soft hats and caps for all ages, and sweaters of any kind and size.

Men's shirts and pajamas, so worn or shrunken as no longer to be serviceable are particularly welcome, since the material can be utilized for making children's garments.

Do Not Send:
Garments of flimsy material or gaudy coloring, ball dresses, high heeled slippers, etc.

Stiff hats either men's or women's straw, dress or derby.

Anything containing rubber, raincoats, rubber boots, etc.

NOTE—Rubber heels can easily be removed from shoes.

Books, toys, soap, toilet articles.

Notes or communications of any sort or description must positively not be sent.

THE KENTUCKY FUTURITY

(\$14,000) Lexington, Oct. 1, the only 3-in-5 for three-year-olds in 1918, looks like the greatest colt race ever programmed; for amongst the entries eligible to start are David Guy 2:05 1/4, Nella Dillon 2:05 1/4, Chestnut Peter 2:05 1/4, Blitsey 2:06 1/4, Perer June 2:07 1/2, Miss Dewey Watts 2:07 3/4, Ruth Main-sheet 2:08 1/4, Petrex 2:08 1/2, Peter Vonia 2:08 1/2, Echo Direct 2:09 1/4, Mariam Guy 2:09 3/4, all winners—and four fast ones that have not won this year.

GOFF & RICE SALE THURSDAY, SEPT. 26, 1918.

Shorthorns—cows, calves, heifers, bulls—attend the sale.

GOFF & RICE.

WOMEN'S ACTIVITIES.

At the Red Cross Rooms.

Wednesday—Woman's Bible Class of the Christian church.
Thursday—Jewish Circle.
Friday—Missions Society of the Presbyterian church.

The final report on the result of the registration of women is delayed because there are yet a few reports lacking. The registrars are requested to return all cards at once.

Night Class in Stenography.

Through the efforts of the Women's Committee Council of National Defense, a night class in stenography and typewriting will be opened at the Paris Public School.

The class must number not less than twenty, nor more than twenty-five, and the tuition will be \$10.

Three evenings a week will be given to the class, and an early start is desired in order that the course may be completed by Christmas.

This course of training was made necessary by the desire of a number of women for work along these lines expressed during recent registration, and those who have thus registered will please enroll at the registration office, Bourbon-Agricultural Bank Building, to-day, Thursday or Saturday.

The Clubs Resume Work.

The first meeting of the Paris Literary Club for 1918-19 will be held to-morrow afternoon, at the home of Mrs. Clifton Arnsperger, corner of High and Ninth streets.

The subject for study during the year is "The Bible as Literature," and the program committee, composed of Miss Blanche Lileston, Mrs. Ossian Edwards, Mrs. W. G. Talbot and Mrs. Thos. Henry Clay, Jr., has outlined a most interesting arrangement of subjects.

The first Wednesday in each month will be devoted to Red Cross work, and current events will be discussed at frequent intervals.

The officers for the coming year are as follows:

Mrs. W. G. Talbot, President.
Mrs. W. O. Hinton, First Vice President.
Mrs. Catesby Woodford, Jr., Second Vice President.
Mrs. Amos Turney, Jr., Secretary.
Miss Mary Spears, Treasurer.
Mrs. Harry B. Clay, Auditor.

The Progressive Culture Club will also begin its meetings for the club year, the first meeting to be at the home of Mrs. Clifton Arnsperger, Ninth and High streets, Thursday afternoon, at 2:30 o'clock.

The program for the year includes many delightful features—the Modern Drama, War News, Current Events, Parliamentary Drills, Musicals, Birds, Books, etc.

The following order of exercises will be observed at the first meeting:
I. "How I Spent My Vacation."
II. Book Review: "Money Money"—Mrs. Turney.
III. Payment of Dues.
IV. Discussion: Fourth Liberty Loan.

The officers of the Club are:
Mrs. Amos Turney, President.
Mrs. J. W. Bacon, First Vice President.

Miss Clara Bacon, Second Vice President.
Mrs. Brinch Meinertz, Recording Secretary.

Mrs. Roy Clendenin, Corresponding Secretary.
Mrs. W. Ed. Tucker, Treasurer.

Governor Stanley Appoints a War Mother For Kentucky.

Following the example of many other States, Governor Stanley has appointed Mrs. R. B. Hutchcraft War Mother for Kentucky.

The object of this association of mothers is to promote fellowship among those women who have made the great sacrifice of giving their sons or daughters to the war—to sympathize with and aid each other in time of distress and to rejoice together in time of victory. Mrs. Hutchcraft has called a number of prominent women from the surrounding counties to a conference in Lexington, Thursday, Sept. 26, with a view to perfecting the organization.

Music Hath Charms.

From many communities comes the word that the movement of getting the people together for "Community songs" is steadily growing. In Chicago, for example, there is a concert of this kind every Sunday evening on the Municipal Pier. Similar gatherings are held in some of the parks. Other cities are also enjoying activities along the same lines.

It seems that the movement has taken a much stronger hold in the West and Middle West than it has in the East, though conscientious efforts are being made to introduce it everywhere. The songs mostly encouraged in these "sings" are nationally patriotic and popular war songs, in sympathy with the spirit of the times.—The Musical World.

The Liberty Choruses will be a feature of the Fourth Liberty Loan drive. Join the local chorus. Paris was one of the first towns in the country to organize a Liberty Chorus. Its life and usefulness depends upon you if you can "carry a tune." Don't be a slacker in this. Lend your aid.

The North Middletown Woman's Club will hold their regular meeting in the club rooms next Friday afternoon, Sept. 25. The club has taken Kentucky for its study. The program for Friday will embrace the following: "Geography, Soil and Climate." Mrs. John T. Collins; "Pre-historic Inhabitants." Mrs. John Willie Jones; "Early Explorations and Very Early Settlements." Mrs. Wm. Gay. A cordial invitation is extended to all active members of the Bourbon county clubs to attend any of the club meetings at North Middletown.

FARMERS, TREAT YOUR SEED WHEAT FOR STINKING SMUT

The Government is especially urging all farmers planting wheat to treat their seed. The method is simple and inexpensive, costing only about two cents per acre.

It is advisable for all the seed wheat to be treated, from the fact that in a case where the infection is slight it is practically impossible to detect the presence of the smut.

In Kentucky the past year 278,000 bushels, or 3% of the wheat crop was destroyed by the stinking smut. Next year the wheat acreage will be greatly increased. If something isn't done more than likely a larger amount of wheat will be destroyed than last year. Treat your wheat—help yourself and Uncle Sam.

The U. S. Government, in co-operation with your State University recommends the following method:

(1) Spread seed on any tight floor.
(2) Make up solution using 1 pint of formaldehyde (formolin), to 40 gallons water.

(3) Have someone shovel grain over and sprinkle with solution, using common sprinkling can. Get grain damp enough to stick to hand, using 1/2 to 3/4 gallon solution per bushel.

(4) Cover with cloth, sacks, etc., for 2 to 4 hours.

(5) Spread grain out to dry.

A good practice to treat seed one day and sow the next. Formaldehyde can be bought at any drug store.

Precautions:

(1) Make up solution just before treatment. Do not use solution which has been standing anytime.

Do not leave covered after treating for more than 4 hours.

(3) Be careful not to reinfest treated grain by using dirty sacks, etc.

(4) When sowing day after treating open your drill enough to insure the right proportion of seed per acre.

There is also a bluestone, or copper sulphate method which can be used for prevention of this smut, though more expensive.

For further information, address Extension Department, U. of Ky., Lexington, Ky.

This property is centrally located and will make a splendid investment.

(24-27)

HARRIS & SPEAKES.

"An Oil Company With a Future."

THOUSANDS of Blue Grass people are financially interested in the great oil fields of Eastern Kentucky. The steady and ever-increasing flow of liquid wealth from the rugged hills of Estill, Lee, Breathitt, Johnson, Elliott and other mountain counties is bringing a constantly expanding measure of joy and prosperity to those who have invested with good judgment and foresight.

THERE ARE all kinds of oil companies, good, bad and indifferent. The man who has his money invested in a producing company, with sufficient leases in proven territory, can rest assured that he has a sound investment that will enhance in value more rapidly than most any other form of property he could buy.

THE BOURBON OIL AND DEVELOPMENT COMPANY, of Paris, is a well established and reliable producing oil company with thousands of acres of leases in proven territory. It has 7 completed wells in Estill, Lee and Elliott counties, a royalty interest in several other wells, with drilling contracted for and proceeding on a number of leases.

THE BOURBON is capitalized at \$500,000, of which only half is to be issued, the other half being held as treasury stock. Only a few thousand shares remain to be sold. The sale of stock will be completed and the books closed October 1. The company will begin paying dividends in October. Those who buy stock during September will participate in the first dividend.

Further information will be gladly furnished those interested.

RED CROSS NOTICE.
Ladies having trench-foot slippers in their homes are asked to return them this week to the cutting room at the court house. The summer quota is finished and is being packed for immediate shipment. Please turn in the slippers.

RED CROSS TEA ROOM
The following is the menu for to-day at the Red Cross Tea Room:
Chicken soup; old ham; stuffed peppers; corn on cob; mashed potatoes; beaten biscuit; fruit salad; combination salad; maple sauce; ice cream; cake; coffee; tea; milk.

CARRY YOUR GROCERIES AND SAVE YOUR MONEY
Patronize the Cash and Carry Grocery, at 314 Main Street, run by a woman, and you can save money and conserve man power at the same time. Over one hundred groceries in Nashville, Tenn., are run by women. Why can't I run one grocery in Paris, Ky.?

GOOD USEFUL SHORTHORNS TO BE SOLD AT AUCTION
Goff & Rice offer 35 choice Shorthorns to be sold Sept. 26—cows, calves, heifers, bulls.
(20-21)

LONG MAY SHE WAVE!
A handsome large American flag has been draped on the front of the City Hall and fire department headquarters, making a patriotic display. The flag that adorned Paris business houses some months ago are now conspicuous by their absence. Why not make every day "Flag Day"?

RESIGNS POSITION.
Mr. Houston Rion, who has for several years been Secretary of the City Board of Education, tendered his resignation at a special meeting of the Board, owing to pressing business engagements. He is succeeded by Mr. John F. Davis, a member of the Board. Dr. Raymond McMillan was elected to succeed Mr. Davis as a member of the Board.

"GASOLINELESS" SUNDAY.
Last Sunday saw very few automobiles in use, and those that were on the streets were being used by physicians or by persons attending church. The observance of the governmental order has become more general as it has become better understood by owners and drivers of machines.

BUYS GARAGE INTEREST.
Mr. Allie Perkins, who has for the past seven years been connected with the C. S. Ball Garage, has purchased an interest in the Bourbon Garage & Supply Co., in this city. Mr. Perkins will remain in his present position with the C. S. Ball Garage until October 1, when he will take up his business connection at the Bourbon Garage. Mr. Perkins is an expert auto mechanic and a first-class man in his line of business.

THE COMMUNITY CHORUS
Regular meetings of the Community Chorus will be held every Monday evening at 7:30 o'clock, in the lobby of the Y. M. C. A. building. Everyone who can "turn a tune" or "carry an air" is invited to come to these meetings and learn the patriotic songs and the camp songs. It will afford them as much pleasure as anything else. So bring your singing voice along with you.

PRESERVING PEARS
We have nice pears for preserving. Phone in your order now if you want any.
(1f) C. P. COOK & CO.

TO TAX PAYERS.
Tax receipts of the city for 1918 are now in the hands of City Collector W. W. Mitchell at the Farmers & Traders Bank. Call and pay them now.
E. B. JANUARY, Mayor.
(aug24-1f)

TO OBSERVE COLUMBUS DAY.
Mayor January has received a copy of a letter from the headquarters of the Columbus Day Association, containing suggestions as to the observance of Columbus Day, October 12. The letter suggested the issuance of an official proclamation, calling upon the people of Paris to observe the day in a patriotic manner, and that the Italian and American flags be displayed together on that day. It is proposed to make the day a noteworthy one in commemoration of the hardy Genoese pioneer, Christopher Columbus, whose daring discovered our land, America, on that memorable day, October 12, 1492.

SOCIAL AND PERSONAL.
Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. R. G. Moore, of Livingston, is a guest of Mrs. J. H. Weigott, near Paris.
—Miss Kittie Ewalt, of Shawhan, was a week-end guest of Mrs. Snell Moore, in Lexington.
—Miss Julia Lail has returned to her home in Cynthia, after a visit to Mr. and Mrs. J. W. Larkin.
—Mrs. Wm. A. Orme, of Clintonville, is a guest of her daughter, Mrs. Sterling Thornton, in Frankfort.
—Dr. and Mrs. H. E. Foster have returned from a two-weeks' visit to the former's parents, in Owenton.
—Mr. and Mrs. William Bush have returned to their home near this city after a visit to relatives in Louisville.
—Miss Edith Culbertson will return to-day to her home in Cincinnati, after a visit to friends and relatives in Paris.
—Mrs. Harry Booth has returned to Montgomery, Ala., after a visit to her parents, Mr. and Mrs. A. J. Fee, in this city.
—Dr. D. S. Henry and daughter, Miss Charlotte Henry, have returned from a visit to Mr. and Mrs. John Williams, in Versailles.
—Miss Stella Stephens, of Mt. Sterling, has arrived to assume her duties as teacher of Mathematics in the Paris High School.
—Mrs. Frank Jacobs, who is a patient at St. Joseph's Hospital, in Lexington, was reported yesterday as being greatly improved.
—Mr. and Mrs. L. D. Harris, Miss Fannie Harris, and Mr. and Mrs. Wm. Dale and daughter were guests last week of Mrs. Eliza Harris, in Owingsville.
—Mrs. Grace Kiser, daughter of Mr. and Mrs. Walker Kiser, who recently underwent an operation for appendicitis at the Massie Memorial Hospital, in this city, is improving.
—Mr. Fisher Jenkins, of Cynthia, a victim of a recent automobile accident in which he sustained serious injuries, is still in the Massie Memorial Hospital, in this city. It is now thought he will recover.
—Mr. and Mrs. J. J. Sheridan and son, Howard Sheridan, and daughter, Miss Mary Sheridan, who have been guests of Mr. and Mrs. Wm. W. Hinton, have gone to Mayslick, in Mason county, to visit relatives before returning to their home in St. Joseph, Mo.
—Barnett Winters and Charles Kenney, both P. H. S. graduates, are attending the University of Kentucky. Mr. Kenney is said to be the youngest student in the University. Mr. Winters bears a "shaved poll" as a reminder of his initiation into the "mysteries" of college life.
—Mr. James L. Jacoby, who has been a patient at the Massie Memorial Hospital, has recovered sufficiently to return to his home near Hutchison. Mrs. Frances Hall, of near Paris, who is a patient at the same institution, continues in a very serious condition. Mr. Robert Crombille, of Shawhan, is a patient at the hospital, where he recently underwent an operation for appendicitis.
—Mr. Jos. M. Hall, of this city, who was operated on at St. Joseph Hospital, in Lexington, Saturday night for appendicitis, was reported yesterday as getting along very nicely, having rallied from the shock. Mr. Hall was taken ill suddenly about noon Saturday, and was taken to the hospital, accompanied by Mrs. Hall and his family physician, Dr. J. T. Vansant. The operation at the hospital was performed by Dr. Wol-folk Barrow. Dr. Barrow stated yesterday that Mr. Hall was doing all right at that time.
(Other Personals on Page 3)

"PITY THE POOR BLIND MAN"
A Paris business man approached THE NEWS man Friday afternoon, much in the manner of one who had "something good" to impart. Sidling up close he halted the newsgatherer with a wave of the hand, and unburdened himself as follows:
"Say, young fellow, I want to tell you that some of these blind men who sit around on the streets of Paris are fakirs pure and simple. I gave a half-dollar to one the other day and asked him for the change, telling him I wanted to give him a quarter, and bless me if he didn't bawl me out, saying that I had only given him a quarter. But that's not what I intended to tell you. I was coming from the postoffice this morning on my way to the corner of High and Eighth streets to catch a car for the Lexington races. Just as I got to the corner I espied a group of pretty Paris girls, some Lexington bound, and others probably going out in the county somewhere. It was a rather windy morning, you remember, and as a matter of course, there was a display of hosiery.
"Now, that in itself would not have been so very unusual, but a certain fellow standing near me spied the exhibition, and then we both looked across to the opposite corner, and there sat a blind man waiting for the car. He had a sign around his neck, 'Pity The Blind.' I do not know who the man was standing near me, but his sympathies were aroused, for he turned to me and said, as he glanced again at the display of hosiery on the corner: 'I really never was so sorry for a blind man in my life. I'm going over and drop a quarter in his cup.' And he did."

"BUY CLOTHING IF YOU REALLY NEED IT!"

A leading Paris clothier, after a talk with members of the local Draft Board, said to THE NEWS man:
"Registrants ought not to deny themselves new wearing apparel, if they need it. Many of them are wearing old shoes, shabby clothes, and last year's hats because they are under the impression that they are going to be called to military service in a week or two. Most of them are under a wrong impression. Youths of eighteen and registrants over thirty-six years old are not likely to be called this year. A comparatively small percentage of registrants between nineteen and thirty-six years old are likely to be called. Men who have families or parents dependent upon them, and men employed in essential industries will be placed in deferred classifications. So there is no reason why they should not buy wearing apparel of all kinds if they need it."

COMING ATTRACTION AT PARIS GRAND AND ALAMO.

To-day, Tuesday, Sept. 24.—Hazel Dawn and Bert Lytell, in "The Lone Wolf," ninth episode of "A Fight For Millions," featuring Edith Johnson and William Duncan.
To-morrow, Wednesday, Sept. 25.—Pauline Frederick, in "Fedora," also Luke Comedy, "Do Husbands Deceive?" and Hearst-Pathe War Pictures.
Thursday, Sept. 26.—Clara Kimball Young, in "The Reason Why," Mutt and Jeff Comedy, "Efficiency," and Hearst-Pathe War Pictures.

The Bottle That Holds The World's Great- est Remedy

Learn to Recognize It on the Instant, and Refuse to
Accept Substitutes—Insist on Getting the
Genuine Acid Iron Mineral.

Miss Victoria Varney, of Shock, Ky., says that she was entirely cured of catarrh of the head and kidney trouble by taking A-I-M, and she is glad to recommend it to all who suffer with the above diseases, as she wants them to feel as well as she does.

W. H. Bowen, of Belhaven, N. C., suffered with catarrh of the stomach and indigestion, but after taking A-I-M is entirely well and now says that "it is the best remedy given to the human race, and I cannot praise it too highly."

If you are now suffering with any disease at all of blood, kidneys, or stomach, you need this great remedy of nature itself. It builds up tired, worn-out people, rejuvenates sick stomachs, relieves kidneys that are over-worked and sick—in fact, you cannot find a remedy that will do you as much good as Acid Iron Mineral.

Thousands of genuine testimonials that come to us unsolicited tell how sick people have been made entirely well by A-I-M. In the majority of letters the writers are glad to have us use their names so that others who are suffering may be helped to health and happiness as they have been.

Do not think that Acid Iron Mineral is a patented medicine, because it is not—it's a remedy supplied by nature herself, and it is free from alcohol or other harmful drugs.

A-I-M is sold by Brooks & Snapp on the basis of satisfaction or your money back. Go to-day and get a bottle—you take no chances because you can get your money back if you want it. If your dealer cannot supply you, send to Ferrodine Chemical Corp., Roanoke, Va., Manufacturers. (adv)

To prevent the misuse of poison an attachment has been invented to hold a bottle on a shelf and ring an electric bell as a warning when it is moved.

THE MISSING FACES.

Have you noticed that the old town isn't altogether what it used to be? That somehow there is a difference when you go down street? That the old places are more subdued and quiet; less busy and noisy? That go where you will, the club, the bowling alley, the billiard parlor, anywhere, there is the same subtle sense of change.

The old voices no longer hail you with such eager challenge, such royal welcome, such whole souled good-fellowship; the old smile no longer greet you so warmly and the old hand claps on the shoulder no longer bring you the same old sense of comradeship and friendly interest. Something seems to have slipped silently out of life.

For scores of the old faces are missing; faces that you knew and loved the best.

They are "over there" in the khaki-clad ranks that are slowly pushing the gray Hun line backward toward the Rhine. They are taking up the burden of civilization, of democracy and freedom; the liberation of a half world threatened with enslavement; the perpetuation of our own national liberty and safety; the overthrow of Kaiserdom.

And some of them are never to come back.

None of us will ever forget these missing faces—the faces of our friends, our brothers, our sweethearts, our husbands and fathers. All of us will hope to welcome them home again, triumphant from the firing line, the jaws of death, the literal mouth of the inferno.

Nor must any of us forget them in the coming Liberty Loan drive.

For it is to strengthen them and their fight, to hurry their ultimate victory and to speed their return, that these bonds are to be offered. That and that alone.

Remember these missing faces—these faces that we love.

And begin at once your saving for the loan.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on Mucous Surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

STUDENTS' ARMY TRAINING CORPS.

The Students' Army Training Corps is the name given to the military organization to be perfected in the colleges this fall.

All able-bodied students in the college where a corps is organized may enroll or enlist. The enlisted student does not receive pay, because he is on inactive service. He is, however, in the military service of the United States. He may attend camp for six weeks during summer, when he receives pay.

His relation to the draft: The member of the Students' Army Training Corps is a volunteer in military service. He will, however, register when he reaches the age and upon notice by the President. The draft board will not call him for induction as long as he remains a member of the Students' Army Training Corps.

Not an exemption plan: This is not a plan for the exemption of college students. The purpose of the plan is to provide for the very important needs of the army for highly trained men as officers, engineers, chemists, doctors, administrators. The plan is an attempt to mobilize and develop the brain power of the young men of the country for those services which demand special training.

The presumption is that, for the next year, the largest proportion of the student body reaching the required age will be used to supply the officers needed for the army. It is understood that at least four or five times as many officers will be required as the total number who will be graduated from all American Colleges and Universities. Enlistment in the S. A. T. C., therefore, while it does not promise an Officer's Commission, is at the present time the plainest road leading in that direction. Enlistment may be cancelled by withdrawal from college.

Opportunity will be given for the enlisted student who so elects, to transfer from army to navy or to be assigned to active service in one of the various special corps.

Regular uniforms, including hats, shoes and overcoats, will be furnished free to all members of the S. A. T. C., by the government. Officer instructors and military equipment will be provided by the War Department.

ONLY TWO WAYS.

There are only two ways in which we can end this war.

We can stand together, combine our forces at home and abroad, and lick the Hun to a frazzle.

Or we can surrender.

If we hesitate, weaken our forces by division of sentiment, and dilly-dally along an uncertain policy, we will only prolong the world agony interminably.

And get nowhere save into deeper water.

We want to end the fight only one way. We want to beat Germany decisively. So completely that never again will she be able to plunge the old world into such another nightmare of bloodshed as this has been. We want to end this world agony.

And we can do it only if every fellow does his part.

We cannot afford to have the war end in compromise. A drawn battle really means a victory for Germany. Germany licked, but not thoroughly so, still means German triumph. Any compromise will leave Germany in a position to come back again in another forty years or less and deluge the world with blood once more.

Germany must be whipped to a standstill. She must be beaten to her knees. She must beg for mercy at the feet of her conquerors. In no other way can the German spirit be chastened; the German ambition subdued.

She must never be permitted to come out of the war in a position to say that "the whole world fought but could not conquer me."

We might as well surrender right off the reel as permit that. For it would only be a matter of years until we should have to fight it all over again.

Right now is the time to finish with Germany. Finish in the way we want to finish. And end it all for all time.

None of us have the least idea of surrendering. It isn't to be considered.

But all of us stand side by side in the duty line.

Every fellow must buy Liberty Bonds.

It is our only way to win.

THINGS TO WORRY ABOUT

If Uncle Sam gets the billions he wants this fall, we may be able to send the Hohenzollern throne around the circuit on our next War Trophy train. Remember this when the Fourth Liberty Loan campaign comes on soon.

The Kaiser tells the Germans he has made every effort to stop the war. The fellow who yoked himself to the steer made every effort to stop the steer after the steer got under way.

With the Hindenburg line fading we can eliminate "impregnable" from the dictionary.

CROP REPORT FOR KENTUCKY, AS OF SEPT. 1, 1918

The crop season for 1918 is rapidly drawing to a close. It is too early to give final estimates on actual yields and only a summary of conditions is given this month. The largest money crops of the State, corn and tobacco, are damaged by the drouth, and this extreme drouth has prevailed over practically the entire State. It was broken the latter part of August, since which time conditions are greatly improved and the final estimate on yields on late crops may tell a different tale, than the low estimates herein would indicate.

The general condition of corn is reported at 76 per cent., as a State average. The first estimates on the yield of corn is given at 21 bushels per acre as compared with 30 bushels, State average last year. The condition of burley tobacco is given at 71 per cent. and dark tobacco at 75. Much of the early tobacco is cut, owing to the extreme hot weather, but the rains are bringing out late tobacco to advantage. Hemp acreage is small and condition is given at 73 per cent. Condition of cow peas and soy beans is given in both instances at 82 per cent. Rains have brought these crops out. Gardens are given at 65 per cent., Irish potatoes at 68 per cent. and sweet potatoes at 97 per cent. Pastures have been greatly in need of rains and the conditions show at 65 per cent., but are considerably revived since the drouth has been broken. Alfalfa condition is given at 80 per cent. and while the third cutting was abandoned in some localities, the State average is given at 1.3 tons per acre. It is estimated that the number of live stock on hand as compared with last year is as follows:

Horses, 92 per cent, condition 91 per cent.

Cattle, 88 per cent, condition 90 per cent.

Hogs, 91 per cent, condition 92 per cent.

Sheep, 93 per cent, condition 94 per cent.

Much interest is shown in poultry in many localities and a consequent increase in the numbers on hand as compared with last year, while in other localities this has fallen off. Condition of poultry is placed at 94 per cent.

Melons and fruits of all kinds are especially short this year, condition of same being as follows:

Apples, 54 per cent.

Grapes, 62 per cent.

Melons, 65 per cent.

NOTES FROM CORRESPONDENCE.

Bullitt—Drouth broken. Much corn badly burnt and had to be cut and shocked.

Breckinridge—Corn injured by drouth. Tobacco coming out fine since rain.

Daviess—Early plantings are normal. Late ones are very short on account of drouth. Recent rains have improved conditions generally.

Hancock—Crops are looking better after recent rains.

Henderson—Crops badly damaged by drouth. Recent rains have improved conditions.

Owen—Good rains in last few days.

Union—Improvement in crops since rains, especially corn. Too late to do gardens any good.

Bracken—Drouth broken. Pastures greatly improved.

Campbell—Corn will not make one-half crop.

Carroll—Recent rains improving late corn and pastures.

Harrison—Crops damaged by drouth, which is now broken.

Henry—Crops damaged by drouth, which is now broken.

Kenton—Crops coming out since rains.

Robertson—Drouth from June 6th to August 26th.

Trimble—All crops damaged by drouth. Tobacco and pastures improved since rain.

Bath—All crops will average only about 50 per cent. on account of drouth.

Elliott—Have had recent rains.

Greenup—Drouth has cut all crops short.

Boyle—Recent rains will help late corn and tobacco.

Fayette—Recent rains will help late corn and tobacco.

Franklin—Crops coming out. Drouth broken up.

Nelson—Pastures improved since rain.

Spencer—Things looking better since rains.

Washington—Outlook improved since drouth is broken.

Breathitt—Twenty-eight days hot dry weather dried up vegetables and pastures.

Johnson—The dry weather has injured corn crop.

Knott—Drouth broken.

Powell—Recent rains will help late corn conditions.

Pike—Drouth has injured all crops.

Wolfe—Expecting an increased wheat crop.

Ballard—Corn and tobacco damaged by lack of rain.

Caldwell—Drouth spoiled third cutting of alfalfa.

Carlisle—Drouth has materially reduced crops.

Hickman—Drouth broken. Too late for corn crop but has improved tobacco and pasture conditions.

McCracken—Recent rains make everything look better.

Todd—Worst drouth in years.

Warren—All crops injured by drouth.

Barren—Drouth has cut corn

Easy Washing!

YES, actually easy when GRANDMA helps do it. No more back breaking over a rubbing board—not with GRANDMA on the job. GRANDMA gets right down to the bottom of things in a hurry. Dirt just can't hide away when she gets after it. GRANDMA stops the waste of cutting or chipping of bar soap. You measure out just what you need and no more.

Wash the Woolen Socks
You Knit with Grandma

GRANDMA'S Powdered Soap

Your Grocer Has It!

"Has Proven Their System the Most Satisfactory One"

So says Mrs. Clarence LeBus, State Chairman of the National War Savings Committee, in writ of the training given her secretary, Miss Parlee White, who is one of our graduates. Mrs. LeBus also says in speaking of the school:

"For one who desires a school where they receive personal attention, systematic study, and expect to finish an efficient worker, I heartily recommend the Fugazzi School."

For further information and details write, phone or call at the school. Special Summer rates on the Complete Business Course now in effect. Write or call for New Catalogue just out.

Fugazzi School of Business

Miss Irene Fugazzi, Principal

Efficiency is Our Watchword.

Odorless Heaters**

to select from, Start early.

LOWRY & MAY

and tobacco one-half.

Hart—Recent good rains have benefited everything.

Letcher—Improvement in crop conditions since rain.

With the scarcity of stock water relieved by the recent rains and the condition of all late crops benefited materially, the prospect is not so gloomy for the result of the farmer's year's work as it was a week ago. Great interest is being manifested in the increased acreage of wheat and the Kentucky farmer is ready to meet the emergency in this crisis for production, as far as it is possible for him to do.

You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness.

The finest meat in the world wouldn't do you any good one hundred miles away from your table.

Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.

Swift & Company, U. S. A.

LOUISVILLE PHYSICIAN REPORTS MANY CASES OF INFLUENZA

LOUISVILLE, KY., Sept. 23.—Three cases of the true type of Spanish influenza have been reported by one Louisville physician. All three of the infected persons, one a soldier, came from the East, and evidently brought the disease with them. "Otherwise, reports as to Louisville are most gratifying," says Maj. L. D. Fricks, of the United States Public Health Service.

Reports from eleven other physicians indicate that only fifty cases of possible Spanish "flu" have been noted in Louisville in the past two weeks, and it is doubtful if these are of the true type. For the most part they are mild, though several doctors report their cases as having been "sharply sick." One physician reported his cases as evidently infectious but rather mild.

Officers of the United States Public Health Service stationed here, at the request of Surgeon General Rupert Blue are making a detailed investigation to learn just what is the status, in Louisville, of this disease which has caused so much havoc throughout Europe, and, during the past few weeks, has appeared in the eastern section of the United States. Daily wire reports as to conditions will be sent to Gen. Blue. Cultures from the throats of suspected cases will be sent to Gen. Blue. Cultures from the throats of suspected cases will be sent to Gen. Blue. Cultures from the throats of suspected cases will be sent to Gen. Blue.

Reports from the East indicate that the disease there is highly malignant, running a sharp and often fatal course. It is already cutting heavily into the working forces of large bodies of labor, both in offices and shops, and Gen. Blue is reported as being very much exercised over the general situation.

According to the officials here, the Spanish influenza is a mixed infection, laboratory examination showing the presence of the influenza bacillus of Pfeiffer, together with the pneumococcus and the hemolytic streptococcus, the latter being a highly virulent micro-organism which, getting into the blood breaks down the corpuscles, lodges in the tissues, and manifesting a particular affinity for the respiratory passages. Getting into the bronchial tubes, it causes cough and bronchitis, and if not controlled will cause pus formation with consequent development of toxins which passing with the bloodstream poisons the entire system, and, by throwing too great a stress on the heart, causes death.

PRAYER

"GOD, save our splendid men,
Send them safe home again—
GOD, save our men,
Make them victorious,
Patient and chivalrous,
They are so dear to us.
GOD, save our men."

"GOD, keep our own dear men,
From every stain of sin.
GOD, keep our men,
When satan would allure,
When tempted, keep them pure,
Be their protection sure.
GOD, keep our men."

"GOD, hold our precious men,
And love them to the end.
GOD, hold our men,
Hold in Thine arms so strong,
To Thee, they all belong;
Hold safe from every wrong.
GOD, hold our men."

PAYING THE PRICE

Casualty lists from the French front where the Americans have lately been proving their mettle magnificently are coming along slowly. How many of our boys have laid down their lives is yet to be fully told. How many are dying daily we do not know.

But we know that they are paying the price of war, the price of liberty, the price of protection for their women-kind against such ravages as were inflicted at German hands upon the women of Belgium, France, Serbia, Russia, Roumania and in every territory which they or their Turkish allies have invaded.

And they are paying it gallantly, fearlessly, willingly.

Upon them, more than the armies of any other of the allied nations today, the eyes of the world at large are resting. They are expected to put the finishing touches upon the Boche defeat. America's army today is holding the balance of power.

And within another year that power will be inevitably, relentlessly closing in upon Berlin. It will be putting an end to Kaiserism—insuring world freedom.

Every day this is delayed the greater will be the price American life and American blood will pay. We must all realize this. We must act accordingly.

It is our duty to keep them in the best fighting trim, and after all is said and done we do that with the money we pay in taxes, the quarters we put into thrift stamps, the dollars we loan to Uncle Sam in exchange for Liberty Bonds.

We must keep not only the troop ships, but the munition vessels moving. Most of all must we keep the ammunition trains moving, the ammunition plants going, the stream of munitions flowing to every front.

For the harder the allies hit the quicker the Hun line will break, the quicker the end will come, the smaller the price we will pay.

We cannot afford, we do not dare to slack in this duty.

We must buy Liberty Bonds.

The man who hears his pants rip in the rear when he stoops over isn't half as scared as the girl who feels her hose supporter divorce itself from her corset when she is on the street.

"HARD SKIN" AND FOOT CALLUSES

Magic! Peel them off without pain or soreness

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers. Corns also!

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never sore, tender or even irritated. Try Freezone sure!

THE GOLDEN SWORD.

Throughout the war the Kaiser has constantly laid great stress upon the efficiency of the German sword. With its vengeance he has in turn threatened all his opponents. Upon it he depends for the overcoming of all obstacles to his ambitions, the bringing of the world to its knees, the gaining for Germany of a place in the sun, and the fixing of Kultur irrevocably upon all the vanquished. And what with the maiming of women and children and old men, to say nothing of the running through of crying babies, it has been a busy weapon in the Hun hands.

But the German sword is destined to fall its Master. It will make him a lasting reputation for butchery. It has accomplished that already. It will leave behind it a damnable record of atrocities and little claim for mercy for its wielders, but in the end it will be beaten back and broken. It will cease forever to be a plaything for the mad war lord.

For America is forging to-day for her champions in the field a golden sword of irresistible might. A sword against which the merciless German implement of murder and rapine will be blunted and dulled and broken for all time.

And that sword is the Liberty Loan, the war fund of America and if need be of her allies.

And into its temper, into its strength is going the determined spirit of millions of thoroughly aroused lovers of liberty and right and truth. The millions who refuse longer to see all that democracy stands for outraged and trampled into the earth by Prussian ruthlessness.

Put your contribution into the crucible. Do your part in forging freedom's falchion that will blaze eternally down the ages the path of liberty and justice for all the world. Play a freeman's part while there is yet time.

CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

(sept-adv)

MANY STYLES IN EYEGLASS FRAMES TO BE CUT OUT

Announcement that opticians throughout the country will eliminate thousands of styles in spectacles and eyeglass frames as a measure to conserve gold has been made by the War Service Committee of the optical industry. With one-fourth of the nation's population wearing glasses, it was stated, several million dollars' worth of gold annually goes into optical products.

We'd hardly say that Ferdinand, of Bulgaria is crazy simply because he is given to fits of weeping. If cable reports are true it's Ferdie's time to wail.

Many great factories employing women now have women physicians in attendance.

MILLERSBURG

Mrs. Adella Miller continues about the same.

Mrs. Mattie B. Hawes left Saturday for her home in Chicago, after spending the summer here.

Mr. and Mrs. W. V. Shaw, of Paris, were guests of Col. and Mrs. C. M. Best Saturday and Sunday.

Mrs. A. J. Thaxton and son have returned after a visit to her parents, Mr. and Mrs. Mingus, in New Jersey.

Mrs. Martha Vimont returned Friday after a week's visit to her daughter, Mrs. W. A. Munzing, at Maysville.

Mr. J. G. Allen, Jr., will leave today for Washington and Lee University, Va., where he will enter school.

Mr. and Mrs. J. M. Alverson entertained with a reunion of the Allen family, brother and sisters of Mrs. Alverson, with an elaborate dining Friday, the occasion being the forty-fourth birthday of Mr. S. M. Allen, brother of Mrs. Alverson.

Mr. G. L. Hill and family leave today for Roswell, Arizona, where they will make their future home. They go on account of the failing health of their son, Mr. Earl Hill, who is suffering with tuberculosis. It is with many regrets that we give these good people up. Mr. and Mrs. Hill are natives of Harrison county, and moved to Millersburg from Cynthiana about sixteen years ago. Their oldest son, Mr. Fred Hill, at that time was a baby. Mr. Earl Hill was born here. Mr. Hill is a plumber by trade, and began business here with the hardware firm of Miller & Best, afterward Best & Hawkins, and later A. B. Best & Co. In January, 1916, he severed his connection with A. B. Best & Co., and opened a plumbing establishment for himself. In the spring of 1918 the health of his son, Mr. Earl Hill, began to fail and as it continued to grow worse, the family realized that something must be done. A few weeks ago Mr. Hill sold his business to Mr. Earl Insko, having decided to go to Arizona, where it is hoped the climatic change may prove beneficial to his son. The family are members of the Presbyterian church, and are among the best people of our community. We gladly recommend them to the good people of their new home, trusting and praying that the health of their son may soon be restored.

MATRIMONIAL.

WARD—BRIDGES.

Miss Ida Dee Ward, a graduate nurse of the Massie Memorial Hospital, and Mr. Horace M. Bridges, a well-known insurance man, of this city, were married at the home of the officiating minister, Rev. John J. Rice, pastor of the Paris Presbyterian church.

The attendants were Miss Minnie Bohme, Superintendent of the Massie Hospital, and Dr. Chas. G. Daugherty. The bride is a native of Paducah, her father being a prominent physician of that city.

REDMON—CALVERT.

Another war-time romance culminated Saturday when Mr. Clyde Stanley Calvert and Miss Rebecca Catherine Redmon, both of Paris, were married at the home of the officiating minister, Rev. J. J. Spencer, in Lexington. The only attendants were Miss Sadie Aker and Mr. Elwood Aker, of Paris, both cousins of the bride. After a short wedding trip Mr. and Mrs. Calvert will return to Lexington, and be "at home" to their friends.

Mr. Calvert is a son of Mr. W. J. Calvert, a prominent tobacco dealer of Paris, and is at present an instructor in soldier-mechanics at Camp Buell, near Lexington. The bride is a handsome young woman, the daughter of Mr. and Mrs. Castle N. Redmon, of near Paris.

Toutoune bids for an inconclusive peace at this time will be duly filed in the Entente waste basket.

DEATHS.

MINK.

Miss Pearl Mink, of near Paris, aged thirty-five, died in the Good Samaritan Hospital, in Lexington, after a short illness resulting from a complication of diseases. She was a step-sister of Mr. Emmett Edwards, of Paris. Mr. and Mrs. Edwards and daughters, Misses Julia and Mary Edwards, Mrs. Jos. Smith and Mrs. Garret Colvin, all of Bourbon, attended the funeral, Thursday.

JACOBY.

The funeral services of Mr. Jas. Jacoby, who died at the home of his parents, Mr. and Mrs. Jacob Jacoby, near Hutchison, Thursday evening, were held at the family home Saturday afternoon, at 2:30 o'clock, conducted by Rev. A. D. Tadlock, of Clintonville. The burial followed on the family lot in the Paris Cemetery. The pall-bearers were: Dr. Wm. Kenney, Dr. J. M. Williams, Custis L. Talbott, Frank Buchanan, E. P. Claybrook and W. H. Piper.

NEAL.

The funeral of Miss Sallie Neal, aged about eighty, who died Friday morning at the home of her niece, Mrs. Ruby Arnsperger, from the effects of injuries sustained in a fall Thursday, was held Saturday afternoon at three o'clock, with services conducted at the home of Mrs. Arnsperger, by Rev. J. Taylor Sharrard. The burial followed in the Paris Cemetery. The pall-bearers were Frank P. Lowry, Thos. H. Clay, Sr., J. Will Thomas, Frank Isgrigg, Chas. P. Cook and James Moreland.

Miss Neal was a native of this county, her early life having been spent at the old home between North Middletown and Cane Ridge. She was the last of a large family of brothers and sisters, among the best-known of whom were Mrs. Sobrina Lowry, mother of Mrs. Arnsperger, Mrs. Wesley Allen and Mr. James Neal. Miss Neal is survived by two nieces, Mrs. Arnsperger, of Paris, and Miss Bessie Lowry, of Lexington, and one nephew, Mr. Hopson Lowry, of Lexington.

She was a devoted member of the Paris Christian church, having united with the congregation at an early age, and having been baptized by one of the pioneer preachers of that church.

HOWELL.

Mrs. Mina M. Howell, aged forty-two, head of the millinery department at the Mitchell, Baker & Smith establishment, in Lexington, died at Massie Memorial Hospital, in this city, Sunday morning, of double pneumonia, developing from a bronchial attack.

Mrs. Howell was a native of Atlanta, Georgia, and came to Paris about twelve years ago to take a position as head milliner for Mrs. Mayme Parker. She continued in this capacity during the spring and fall seasons until last spring, when she went to Lexington, to assume the duties of her new position with Mitchell, Baker & Smith. Paris had been her home for many years. She was a woman of refinement and culture, and possessed a sunny disposition that made her a host of friends here and elsewhere. She is survived by one sister, in Winston-Salem, South Carolina.

Mrs. Howell had been ill for three weeks, but continued to attend her daily duties until compelled to come to Paris where she could be under the care of her physician.

Her condition was not thought to be serious, but pneumonia and other complications developed, resulting in her death.

The funeral was held yesterday afternoon at three o'clock at the home of Mr. and Mrs. Harry Brent Fithian, in this city, the burial following in the Paris Cemetery. The pall-bearers were Rosseau Shropshire, Tandy Hughes, John McGulrk, Dr. Chas. G. Daugherty, Harry Brent Fithian and Will Shire.

HOWARD.

Following a long period of illness Mr. John Howard, of Paris, aged

RELIGIOUS.

The fifty-third annual convention of the Kentucky State Sunday School Association will be held at Ashland, Ky., from October 8 to 11, with delegates from all parts of the State in attendance. There are now more than 4,000 Sunday Schools in the State, each of which is entitled to one or more delegates. Among the noted speakers who will take part in the convention are one secretary of the World's Sunday School Association and three secretaries of the International Sunday School Association.

Next Sunday is set apart by the Baptist State Board as "Baptist Go-to-Sunday-School day" in Kentucky. The objects of the day are named as follows: To have every possible person present; to have every Sunday School member present; to have every church member present; to have a teacher-training class in every school and to have every pupil giving to the State work of the Baptist church.

A call to prayer, signed by the leaders of the largest Protestant denominations of the United States, has been sent out by the various denominations, urging the setting apart of a brief period each day for prayer for the nation, for our soldiers and for victory. The time suggested for the daily prayer is high noon, as being the most convenient time for the largest number of people.

September 26 has been set as a day of prayer and giving for the members of the Women's Missionary Union of the Baptist Church in Ken-

tucky. The object of the day is to create interest in the work that the union is doing for the cause of State Missions and to secure the \$5,000 for this cause which has been set as the goal to be reached by October 31. This is in addition to the regular apportionment of \$7,500 for this cause, most of which has already been secured.

The Pastor's Aid Society of the Presbyterian church will meet in the parlors of the new church to-day, Tuesday, September 24, for an all-day sewing. It is urged that all the members be present.

Mr. E. J. Gildstrap, financial agent of the International Bible College, at Minneapolis, Minn., addressed an overflow audience at the North Middletown Christian church Sunday night, on the subject, "The International Crisis."

Rev. Robert J. Bamber, for fifteen years pastor of the Versailles Christian church, and well-known in Paris, has accepted a call as pastor

of the Harlem Avenue Christian Church, in Baltimore, Maryland. Rev. Bamber and family will move this week to Baltimore.

SAVE PEACH STONES AND HELP GOVERNMENT.

The Government has requested of everyone that they save the stones of peaches, and other fruits that are useful in making carbon used in combatting the gases in trench warfare "over there." These stones contain an acid that is used in the process by the Government munitions plants. A barrel has been placed in front of the office of Judge Harmon Stitt, on Broadway, where these stones may be deposited. Other barrels will be placed at different localities in the city. Save the stones and help save a soldier's life!

Careful copies are kept of all letters written by King George in person, and these are preserved in the archives at Windsor.

THE RED CROSS BENEFIT

At Kentucky's Great Tots, Lexington, Monday, Sept. 30; four great races, including The Futurity (\$5,000), always a wonderful race.

BOURBON ART CLUB.

The Bourbon Art Club will hold its first meeting of the season at the home of Mrs. F. P. Lowry, Saturday, September 28, 2:30 p. m.

The study for the year will be "Arithmetic." A most attractive program has been arranged. The following are the officers:

Mrs. Catesby Woodford, Jr., President.
Miss Ollie Butler, First Vice President.
Mrs. F. Sutherland, Second Vice President.
Miss Bessie Evans, Secretary and Treasurer.

NOTICE, TAX PAYERS.

Your time is growing very short. Come to our office in the Court House and bring us your property lists. It will save you the penalty.

WALTER CLARK,
Tax Commissioners for Bourbon County.
JNO. J. REDMON, Deputy.
